Theorem. This is simply => impossible really die <= : this would be truly UNTHINKABLE.
The desired result follows immediately. Q.E.D.
————————————————————

You are truly a marvel of industry and insight: enjoy your (terrifically well-deserved) vacation!

Anonymous · 22 July 2010

Enjoy your vacation Dear Prof. Tao.
We are looking forward to reading your great block posts.

patzer · 22 July 2010

have a great vacation –
your blog brings much joy to all the people
with an interest in math

Researcher · 25 July 2010

Have a great vacation!

Anonymous · 13 August 2010

I see you're keeping busy with that P/NP proof. I hope it didn't interrupt your vacation!

dream · 18 August 2010

hello,prof.tao,i am a 16 girl,and i come from china. i'm very glad to meet you!! i like you very much,and i will support you forever!! may you happy every day!!

dream · 18 August 2010

i hope you can reply me, thank you very much!!have a good vacation!!!
