tao2typ · converted to Typst 2026-10-14 (UTC)

My two-volume book, “Poincaré’s legacies: pages from year two of a mathematical blog“, which was based on the 2008 posts of this blog, has now been published by the American Mathematical Society.

[*Update*, Aug 3: Actually, only the first volume has been published so far. The second volume of this book will be available on Aug 10.]
